

Recommended Street Trees for the Boulevards of Chautauqua

The 'Street Trees' contribute significantly to the landscape of Chautauqua, especially its distinctive harmony. The high canopy coverage they provide creates the impressive vaulted corridors that have earned our streets the nickname 'The Cathedrals of the Everyday'. To retain this feature, a very edited list of species is recommended. It will maintain a unifying theme for the whole canopy, while providing slight variations for the unique quality of individual streets or areas. When asking to have a street tree.....
